Dear Mr. MacIver:

RE: Permit Status, Silica #1, DOE/023/017, Juab County, Utah

On August 22, 1985, Everett Hooper from the Division of Oil, Gas and Mining Byard Kershaw from the Bureau of Land Management (Filmore office) visited the Silica #1 site. The purpose of the visit was to determine the extent of disturbance related to mining activities.

During the site visit, it became apparent that the area had exceeded the two acre limit necessary to remain under the jurisdiction of a Declaration of Exemption (DOE). Therefore, Southwestern Portland Cement Company must file a MR-1 Form with the Division within 60 days of receipt of this letter.

If you have any questions, feel free to call.

Sincerely,
